ADVICE TO STRANGERS.

ALMOST daily persons are robbed by the various "confidence games," by lending money on checks, or bonds, or notes on prominent citizens--ostensibly because "it's after bank-hours," but really because the holders want to swindle by converting something worthless into greenbacks. Beware of everything of the kind.

Keep away from Gambling Dens, unless you have money to throw away.

Beware of new acquaintances who manifest so much interest as to "treat" often, and are anxious to show you places and objects of interest. Look out for such accomplished sharpers.

Hundreds are daily deceived and overcharged by unscrupulous HACKMEN. We have published the law in reference to HACKS AND CARRIAGES among the following pages of this work. The "Rules and Regulations" should be found in every Hack, according to law, therefore make no bargain in advance. If overcharged, any policeman is bound to set the matter right.

PICKPOCKETS are found among crowds around the door of places of amusement and railroad-cars. Be on your guard.

HACKS AND CARRIAGES. Balto.

For the benefit of strangers and others, we give the rates of fare in the city of Baltimore, to be taken by or paid to the owner or driver of any licensed hack or carriage. We trust it will serve as a safeguard to strangers against the impositions frequently practiced upon them by the drivers of these conveyances. The following rules and regulations were established by the Police Commissioners, in 1865. Each hack-owner is required to have these printed rules placed inside his carriage.

Strangers will make no agreement in advance. No pay can be demanded if the Rules are not to be found inside the carriage. If they are there, pay no more than these rates call for :

Depth and Altitude of the Lakes.

According to Dr. Drake, St. Clair is 20 feet, Erie 84, Ontario 500, Superior 900, Huron and Michigan 1,000 feet. Off Saginaw Bay in Lake Huron, 1,800 feet of line let down did not reach bottom.

Lake Ontario is 232 feet above tide water; Erie 333 feet above Ontario; St. Clair 6 feet above Erie; Huron and Michigan 13 feet above St. Clair; and Superior 44 feet higher. Huron can never be drained, for while its surface is 684 feet above the surface of the sea, its bottom at Saginaw Bay is more than 1,100 below the same level.
